DRAFT BYE-LAWS REGARDING THE KEEPING OF CATTLE AND CONDUCT OF DAIRY-MEN.

Premises used for keeping horses, cattle or other four-footed animals for sale or hire or for sale of the produce thereof:—

1. Every person keeping horses, cattle or other four-footed animals for sale or hire or for sale of the produce thereof shall obtain a license from the President.

2. Every person who may have obtained from the President, a license for the use of any premises for the purpose of keeping horses, cattle, or other four-footed animals for sale or hire or for sale of the produce thereof, shall from time to time, whenever required by the President, furnish a statement in writing, containing the name of each of the persons who owns any of the horses, cattle, or other four-footed animals for the time being kept in the said premises, and the number or respective numbers of each class of animals so owned by him or them.

License-holder, if required, to furnish names of all owners of animals stabled.

3. He shall not cause or suffer the dung of any horses, cattle or other four-footed animals kept on the said premises to be deposited in such a situation or in such a manner as to pollute any water supplied for use, or used, or likely to be used, by man for drinking or domestic purposes, or any water used or likely to be used by milch cattle or horses or other four-footed animals, or in any dairy, or for cleaning or washing vessels used or intended for milk nor shall the dung be dried on any wall visible from public streets or in any other way so as to be a nuisance to the public or to the neighbours.

Dung not to be deposited so as to pollute water.

4. He shall cause the floor of every building used, or to be used, for stabling horses or cattle, to be paved or made with suitable material and sloped to the satisfaction of the President, so as to prevent any soakage into the ground of urine or other filth.

Floors to be paved so as to prevent soakage.

5. He shall provide upon or in some convenient place in the immediate neighbourhood of the said premises, a suitable receptacle or receptacles to the satisfaction of the President, for dung, manure, soil, filth, or other offensive or noxious matter which may from time to time be produced in the keeping of any such horses, cattle, or other four-footed animals as aforesaid upon the premises.

Receptacles for dung to be provided.

He shall cause such receptacle or receptacles to be constructed so that the bottom or floor thereof shall not in any case be lower than the surface of the ground adjoining such receptacle.

With floor not lower than surface of adjoining ground.

He shall also cause such receptacle or receptacles to be constructed in such a manner and of such materials and to be maintained at all times in such a condition as to prevent any escape of contents thereof, or any soakage therefrom, into the ground or into the wall of any building.

To be constructed as to prevent escape or soakage of contents.

He shall cause such receptacle or receptacles to be furnished with a suitable cover if so required.

To be furnished with cover.

6. He shall not picket these animals nor wash them in any public street so as to be a nuisance.

7. He shall cause every drain or means of drainage upon, or in connection with, the said premises to be maintained at all times in good order and efficient action to the satisfaction of the President.

Drainage to be maintained in good order.

8. He shall once at least in every day cause the said premises to be thoroughly cleansed and flushed, and shall cause to be removed from the receptacle or receptacles provided in accordance with the requirements of Bye-law 5 all dung, manure, soil, filth, urine, or other offensive or noxious matter produced in or upon the said premises, and placed or accumulated in such receptacle, and shall cause the same to be deposited in such place or places as the President shall from time to time direct.

Premises to be thoroughly cleansed.

9. Stables for horses or cattle shall not be less than 12 feet in height, measuring from the floor to the wall-plate, and if for one row of animals the breadth shall not be less than 12 feet, measuring from the outside of the manger to the opposite wall and if for a double row of animals not less than 25 feet, measuring from one manger to the other, if the mangers are placed against the external walls, and not less than 24 feet in breadth, measuring from the external walls if the mangers are placed in the centre of the stable, and the space to be allowed to each horse shall not be less than 7 feet in width and for each bullock, cow or buffalo not less than 3½ feet in breadth.

10. He shall not cause or suffer a greater quantity of hay, grass or straw to be kept or stored on the same premises at any one time, than will suffice to meet the requirements of four days of the animals stabled therein. He shall not by storing the hay, grass or straw encroach on, or diminish, the minimum space for animals prescribed by the last preceding condition.

Not more than four days' supply of hay, grass or straw to be stored at any one time.

He shall not cause or allow any fire to be lighted in any portion of the premises near to any hay, grass or straw stored therein.

No fires to be allowed near hay, etc.

BYE-LAWS WITH REFERENCE TO MILCH-CATTLE.

1. Every person who may have obtained from the President a license for the use of any premises for the purpose of a dairy or cattle shed for the stabling of milch-cattle shall, in addition to the requirements prescribed by the foregoing bye-laws with respect to premises used for keeping horses, cattle or other four-footed animals for sale or hire or for sale of the produce thereof, comply with the following regulations:—

To bring out animals for inspection if required.

He shall, whenever required by the President, bring out or cause to be brought out from such stable for the purpose of inspection all or any of the milch cattle which may for the time being be stabled therein, and shall provide every such facility as may be required for enabling the person making such inspection to thoroughly examine the said animals or any of them.

Water-supply to be provided. Well-water not to be used.

2. He shall provide a sufficient supply of water to the said premises from a Municipal main and shall not, without the previous approval in writing of the Commissioner, cause or suffer any water drawn from a well to be used for or supplied to the animals stabled in the said premises.

Any of the requirements of bye-laws as to new dairies and cattle sheds may be enforced.

3. If the said premises do not fulfil the requirements of the next succeeding bye-laws respecting new dairies and cattle sheds, he shall so far alter the said premises, or any part thereof, as the President shall from time to time by notice in writing require, for the purpose of bringing the same into conformity so far as may be deemed necessary with the said requirements or any of them.

Regulations for construction of new dairies or cattle sheds.

4. Every person who shall erect a new dairy or cattle shed for the stabling of milch-cattle belonging to dairy-men or milk-sellers shall (subject to any alteration or modification previously approved in writing by the President) construct the same in accordance with the following rules:—

Building to be open.

(*a*) The building shall be open as far as possible on all sides, but may be fitted with such sheds or screens as may in each case be approved by the President for the purpose of affording protection from the sun or rain.

Roof.

(*b*) The roof shall be tiled or covered with corrugated sheet iron and shall be supported by wooden posts or iron columns.

Floor.

(*c*) The floor shall be paved throughout with suitable stone and the paving shall be so sloped as to ensure effectual drainage.

Open space to be provided all round.

5. Every person who shall erect a new dairy or cattle shed for the stabling of milch-cattle belonging to dairy-men or milk-sellers shall provide and maintain all round such dairy or cattle shed an open space of not less than 15 feet in width.

Not to be nearer to a street, etc., than 20 feet.

He shall not erect any portion of such dairy or cattle shed within a distance of 20 feet from any street or passage.

Drain.

6. Every person who shall erect a new dairy or cattle shed for the stabling of milch-cattle belonging to dairy-men or milk-sellers shall construct an open ovoid drain throughout such dairy or cattle-shed of such materials and dimensions, with such fall, and in such manner in all respects as the President shall require, and shall connect such drain with such sewer or other means of a drainage, or cess-pool, as the President shall direct.

BYE-LAWS FOR SECURING THE CLEANLINESS OF MILK STORES, MILK-SHOPS, AND MILK-VESSELS, USED BY PERSONS FOLLOWING THE TRADE OF DAIRY-MEN OR MILK-SELLERS.

Milk not to be sold in dwelling houses, etc.

1. A dairy-man or milk-seller shall not sell or keep milk in any dwelling house or room or place used for sleeping or cooking.

Internal surfaces of walls and ceilings to be lime-washed periodically.

2. Every dairy-man and milk-seller shall cause every part of the internal surface of the walls and ceiling of every room or place in which milk is kept or sold by him, to be thoroughly lime-washed twice at least in every year or oftener if so required by the President.

Floors, counters shelves, etc., to be cleansed daily.

He shall also cause the floor of every such room or place and every counter, shelf or bench on which milk-vessels are kept, to be washed and thoroughly cleansed daily.

Milk-vessels to be rinsed and thoroughly cleansed before and after use.

3. Every dairy-man and milk-seller shall cause every vessel used in his milk-shop, or in the distribution of his milk, to be rinsed with water and thoroughly cleansed before and after use.

4. Every dairy-man and milk-seller shall use and permit to be used for the washing and cleansing of milk-vessels, such water only as is drawn from a Municipal main, or from a well to be previously approved in writing by the President.

Water from Municipal mains and approved wells only to be used for washing milk-vessels.

5. Every owner of milch-cattle shall, in case of any outbreak of sickness among such cattle, give immediate notice thereof to the Health Officer and shall also at once remove any sick animal from contact with other animals which are not sick and keep it apart in such places as may be approved by such officer pending orders of the President, or in case there shall be no suitable place on the premises where sick animals can be conveniently segregated, he shall remove any such sick animal to some other place approved of by such officer.

He shall, immediately on receipt of the President's orders in regard to the segregation or disposal of such animal, comply with and carry out such orders.

President's order as to segregation, etc., to be carried out.

6. An owner of a milch-animal suffering from any form of disease shall not permit the milk of such animal to be sold or used for domestic purposes until he shall receive the sanction in writing of the Health Officer or President in that behalf.

7. A dairy-man or milk-seller shall not permit any person suffering or who has recently suffered from any dangerous or infectious disease to sell or assist in the sale or distribution of milk, but shall at once cause every person to be removed from the vicinity of the premises in which milk is stored or sold.

No person suffering from dangerous or infectious disease to be permitted to sell or distribute milk.

8. A person engaged in selling or assisting in the sale or distribution of milk shall not knowingly come in contact or communication with any person suffering from any dangerous or infectious disease.

P. PALPU, for *President*.

PROCEEDINGS OF AN ORDINARY MEETING OF THE MUNICIPAL COMMISSIONERS FOR THE CITY OF BANGALORE, HELD AT THEIR OFFICE PREMISES AT 7-30 A. M., ON THURSDAY THE 17TH SEPTEMBER 1903.

President—Present.

Vice-President—Do.
